TO BE WORKED.

Local Company to Begin Work on the Telephone.

The Telephone mine located near the Grand Central South, and former ly the property of Mr. John Watson but now owned by J. Murray Baily, has been bouded by a local company composed of Mr. George Far-ington, Allen B. English, Gue Barron and M. D. Seribner, all of Tombatone, who propose to commence operations at once, in fact they have already brgun by erecting a whim and doing other preliminary work, which when com- the people. pleted will place them in a position to begin extracting ore. A few men will be put to work at first, but the working force will be increased as rapidly se requirements will justify.

The Telephone is said to be a good property, from which in early days large amounts of rich ore has been extracted.

Of those of the company who new have the bond on this property two of the gentlemen, Mr. Farrington and this medicine. Try it once. Fifty center and \$1.00 at Tombetone and The company are pushing work in long experience, and their judgment on a mining proposition good, and on which the company has been formed they will have charge of the working of the mine and under their management good results may be confidently Heavy Downpour Last Night looked for.

This is the initiatory step toward the resumption of mining in the Tombstone mining district and we confidentially expect to see other mines taken hold of and made producers of the precious metals in the near future.

The Prospector wishes the net company success and predicts that many men will be working on the Telephone before the beginning of the new year.

"We had an epidemic of dysentery is this vicinity last summer," says Samuel S. Pollock, of Briceland, Cal. "I was taken with it and suffered severely until some one called my attention to Cham-berlain's Colic, Cholera and Diarrhoea Remedy, I procured a bottle and felt better after the first dose. Before one-half of the bottle had been used I was well. I recommended it to my friends and their experience was the same. We all unite in saying it is the best." For sale by Druggists.

Three days eastern mail was received last night at the postoffice, whereupon our weather prophet cbserved that it be three days before we get another.

Joseph C. Perry one of Tucson's legal lights accidently locked himself in the Tressurers office yesterday and growing that we have had since '81 position by the Sheriff.

coming out flatfooted for the Demo- particular.

It is reliably announced that the Mammeth mine will shortly start work sgain. The company has been reerganized in London and expects to begin operations soon.—Citizens.

At Tucson during the recent sterms the tall smoke stack of the Electric Light Co., became loosened at its base and was blown from its position natorial commissions to W. D. H. becoming a threat of destruction to

Chairman Fickas appounces that the Democratic territorial convention accertained that there are about 750 will be held Sept. 5th. This will give more female voters in Salt Lake City ample time for congressional aspirants to make their canvass.

> Nathaniel Hawke, deputy U. S. Marshal is in town packing up his household effects preparatory to mesing to Tucson where he will make his future home with his family.

Negotiations for the great Chine rench near Los Angeles, contains 25,-000 scres, to an English syndicate has been about completed. The purchase price is said to be \$1,000,000.

Nothing from our Bishee correspon dent teday and the supposition is that the storm last night bas delayed the moving of trains, and the same will arrived up to time of going to press.

farmers who have been lamenting the and shipped to the markets without there is too much water. Now in- valley and owing to the searcity stead of praying for rain they are which is invetable this fall they will kicking because it won't let up raining bring good prices. Those cattlemen The deluge has made the grain stand- who kept their herds are to be coning in the feld suffer.

The printers of Phenix and those ojourning here have taken initial steps towards forming a union. A meeting was held last Suturday at which thirteen signed the roll. They meet again next Sunday .- Gazette.

The South is not for sale: neither is the west, even if the pie-counter fellows di ! fall down at St. Louis: aud let it be known that there are good free silver men in the east, and they will become more numerous from this

Cure for Handache. As a remedy for all forms of Headsche Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded hab itual sick headache yield to its influence. We urge all who are afficted to procure a bottle and give this rem-edy a fair trial. In cases of habitual constipation Electric Bitters cures by any Drug Store.

THE RAIN

For Ten Hours.

Yesterday about dusk the clouds began to gather in the southeast until about nine o'clock when the rain begau to gently fall increasing in volume until well on toward morning. In all something like ten hours of constant downpour was had. This has been the beaviest continous rain of the points of the compass, giving the die of the read until doomeday." sountry a thorough soaking, assuring a bounteous grass crop and filling all the water holes and small streams everywhere. If there was any section where the rain appeared the beaviest it was along the San Pedro river country where the clouds were dense and lay cine to the ground. The lightning was blinding at times and the peals of thunder sounded like the distant roar of artillrey. At Bisbee and to the southeast the fall was very heavy and of long duration, the storm coming from that direction and se usual passing off in a northwesterly direction.

These rains are of daily occurence an I are unusually heavy. The indications at present are that this will be the most prosper ous year for stock had to be rescued from his perilous and that year is referred to by cattle men as the greatest in production of range feed ever known in this section The Vidette says that Bucky O'Neil of the country. Truly every thing has made many friends throughout points to a presperous future for the the Territory by his manly course in country at large and for Arizona in

W. H. Bently has confessed to being the person who attempted to blow up the Catinet saloon at Pressot recently. His reason for doing so was jealously of his brother for being out riding with Bertha Stern a wayward wife.

The first rain of any consequence which has visited the Needles for three years fell last Wednesday night, the small streams run bank full and the yards in the town were covered with debrie from the flood, says the Miner.

It is fast climbing up to the time whencandidates should announce their intentions of ru ming for office and to make known the particular office they would like to have. An office that is not worth seeking is not worth haring.

Owing to the heavy rains at Bowle the latter part of last week, says the Valler News, the S. P. Co's track between Wilcox and Bowie was washed out Sunday to such an extent that a train of workmen were taken up to repair the damage. By Monday noon however, trains were again running on schednle time.

The cattlemen of the valley who during the past year sold of their herds at a very low figure and abandened their ranges are now kicking themapply to the N. M. & A. as no stage selves. The precent rains are putting the ranges in better shape than they have been for years and cattle by fall The Republicans remarks that the cau be taken direct from the mountains dry season are now lamenting that expense of fattening them in the gratulated .- Morald.

AT PEARCE.

**Building Substantial Houses-**A Glauce in the Future.

Pearce is truly having a building oom, there are several new houses in source of construction at present and others in contemplation. Messre Gates and Fulghum have the foundstion laid for 50,60 feet adobe building Salt River is reported as raising aix which they will complete as soon as feet in one day Tuesday and all the the rains are over so that they can smaller streams and canals running finish making the adobes, 5.00 of bank full all over Maricopa county, which are new on the ground. These causing considerable damage among gentleman have in inaugurated the crection of better and more substantial ciass of buildings and others will follow their example as soon the condition will permit.

The town is well laid out the main treets being 80 feet wide and the eroes streets or alleys as they are called are 40 foot wide. The property owners will soon begin building fences and planting out trees, shrubbery and giving the nee ed tone to the bowels ere long Pearce will present a beautiand few cases long resist the use of ful and homelike appearance as well

> grade ore, 40 teams being engaged in hauling the same from the mine to the railroad for transportation to the smelters. These teams make the round trip every two days and from this some idea can be had of the amount of work that is being done at the great Pearce mine.

Sr. Louis-T. M. Patterson of Colo rado, this morning received the fellowing telegram from O. Bentwell, of Galveston :
